LONDON, July 5.—Parnell denies that any of the letters published by the Times in its articles on Parnellism and Crime are authentic.

London, July 4.—Americans in the city generally took part in the usually numerous and successful Fourth of July gatherings. The stars and stripes were seen everywhere. Mrs. Phelps, wife of the American minister, gave a reception at home at her residence, in Lowndes Square. The rooms were superbly decorated with ferns and flowers, portraits of Washington and Cleveland draped with the stars and stripes hung on the walls. About 600 visitors were present, including many distinguished foreigners. Lady Salisbury held a reception at the foreign office, this evening, which Mrs. Phelps attended, after the banquet at the American Club.

Wide-spread in a number of years. A great net-work of wires covers the territory stretching to the Rocky Mountains, but few of the hundreds of lines running in all directions were to-day in anthing like working order. The business was comparatively at a stand still. The rains and wind that began sweeping over the west on Saturday had until last night their worst effects apparently confined to the territory near this city. Yesterday the Western Union had virtually remedied the trouble, when last evening's storm seems to have broken out with redoubled fury, and played havoc over the entire west.

Russia, De Giers declares, will not move a fluger to prevent them from following their own inclinations, and will wash her hands of the whole concern. The ambassador is of the opinion that Russia does not intend to provoke war. sia does not intend to provoke war.

Washington, July 5-The reported protest by Postmaster-General Dickin son against the extension of the civil service rules to the employees of the railway mail service has excited considrailway mail service has excited considerable interest in Washington and numerous requests have been made for a copy of the letter. Diligent inquiry fails to establish the existence of any such letter. It is probable that whenever a protest was made by the Postmaster-General it was a verbal one, and it may have have have a part and a resulting the service of the s it may have been made in a Cabinet

## Royal Match Making.

London, July 5 .- The Standard's correspondent at St. Petersburg says: "It reported that a marriage is being arranged between the Czarvitch and one of Emperor William's sisters. General Von Pape, during his mission here, broached the subject to the Czar, who gave his entire approval. Prince Bismarck is in favor of such a match, and this was his reason for opposing the Butterberg - Victoria marriage, which would have made one impossible be-tween Victoria's sister and the Czar-

## Fast Pacing.

He started from the Maid of the Mist, landing above the old suspension bridge, and in two minutes was battling with the big waves below the Cantilever bridge. His waves below the Cantilever bridge. His boat was overturned twice, but turned right side up again. The third time she went over and stayed bottom up, floating past the Devereux college grounds where stood Flack's rival. ### Bad for the Wires,

CHICAGO, July 5 .- The almost paralysis of the telegraph service west of Chicago to-day, indicates apparently that the storms of the past few days, culminating last night, were the most

California frust here, but the sales for Monday, Tuesday and to-day, have aggregated twenty cars, of which sixaggregated twenty cars, of which sixteen were green to their pears, the bulk of which were to green for immediate use, and had to be stored by the buyers. This great quantity of pears coming into the market upon the heels of the heavy shipments of last week has depressed prices so that pears were selling to-day at from 2.05 to 2 15 per box. It is hoped that supplies can be better regulated so that this market will receive all the fruit it can bear, but no more. The prices realized for other fruits were very sausfactory. for other fruits were very satisfactory. Early peaches are selling for 1.30 to 1.35, early Crawford peaches 2.25 and purple Duane plums, 185 to 2.25.

### A Woman's Discovery.

"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she with-stood its severest tests, but her yital orstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus writes W. C. Hamrick & Co., of Shelby, N. C.—Get a free trial bottle at A. C. Smith & Co's. Drug Store.
